APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the point of diversion and place of use of the waters of Martin Creek as heretofore granted under Permit 5425 is issued subject to the terms and conditions imposed in said Permit 5425 and with the understanding that no other rights on the source will be affected by the change proposed herein. This permit is further issued subject to NRS .010 (Dams and other obstructions) and the terms and conditions set forth in the State Engineer's ruling of January 25, 1974. The proof of beneficial use and cultural map when filed must show the maximum amount of water stored and released during any one year, and the lands on which such water was used. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 1,200 acre-feet storage xxxxxxxxxxxx per annum. Duty of water from all sources not to exceed 3.6 acre feet per acre of land irrigated.

Actual construction work shall begin on or before July 25, 1974

Proof of commencement of work shall be filed before August 25, 1974

Work must be prosecuted with reasonable diligence and be completed on or before July 25, 1975

Proof of completion of work shall be filed before August 25, 1975

Application of water to beneficial use shall be made on or before July 25, 1978

Proof of the application of water to beneficial use shall be filed on or before August 25, 1978

Map in support of proof of beneficial use shall be filed on or before August 25, 1978
